Dylan Shelley

UI/UX Designer

I am a young Graphic Designer that has been studying design and creating freelance work since 2013. Having experience in the field, I understand how to make aestetically pleasing work that communicates, informs, and stands out. With a strong interest in UI/UX Design and Branding, I strive to create work that is well organized and simple to use while having a consistent look and style. I have a creative mindset and am looking to further my expertise by becoming part of a cohesive team in this industry.
